

## The Globe Inn - Beer List

At the Globe we endeavour to have the widest beer range in the area, if not the whole South West. Our ever-changing list includes several fine examples of all the major beer styles.

We have built up the collection and refresh it on a regular basis using a number of suppliers and are always open to new suggestions (and more than happy to try beers we may not have tasted).

If you need a hand or suggestion please ask. We have over 50 beers in stock so hopefully we'll find your next favourite!

Cheers and enjoy!
